PERFORMAX TORCH

For use with MAP-Pro

A high intensity trigger start torch with a 360-degree swivel burn tube, and adjustable flame control. This torch comes with a continuous flame lock, allowing finger free use and is pressure regulated for consistent performance when inverted. The Max-Power flame delivers fast heat transfer, making this torch ideal for use with MAP-Pro™ in multiple lower demand applications including brazing up to 1" diameter, soldering and heating.
