

Product No. **1811560**

# 1.9L NITROGEN CYLINDER

## Efficiency and Convenience

Designed for use with Ambro Controls Nitrogen regulators to allow HVAC techs the convenience of a compact system, easy to take on the go.

The 1.9L nitrogen cylinder offers a portable alternative for purging and testing of HVAC systems – as well as flushing condensate drain lines.

- M10 X 1 THREAD CONNECTION
- WORKING PRESSURE: 1595 PSI
- HIGH PRESSURE PORTABLE CYLINDER
- MADE IN ITALY
- 100% NITROGEN
- 7.4 FT<sup>3</sup> OF NITROGEN

Connects to Ambro Controls Nitrogen Kits (sold separately)
