

Product No. **1811160**

## OXY PRECISION KIT

### Precise Brazing in Tight Spaces

The Oxy Precision Kit is a portable welding & brazing system designed for precise repair jobs in hard to work spaces. Powered by disposable oxygen and map-pro cylinders, the kit comes with the signature Ambro easy-to-carry caddy. The included Precision torch with flexible twin hose assembly is ideal for pinpoint accuracy in any HVAC/R repair including aluminum microchannel.

- DESIGNED FOR HVAC AND PLUMBING CONTRACTORS
- COMPACT, LIGHTWEIGHT & ULTRA-PORTABLE
- PINPOINT PRECISION FLAME FOR INCREASED ACCURACY
- 2 NOZZLE SIZES INCLUDED
- FOR USE WITH MAP-PRO & OXYGEN CYLINDERS, SOLD SEPARATELY

# OXY PRECISION KIT

## Precise Brazing in Tight Spaces

### Specifications

Item	Oxy Precision Kit	
Product Number	1811160	
Application	Soldering, Brazing, Welding, Cutting, Heating	
Barcode	9320688427205	
Flame Adjustment	Yes	
Fuel Type	Ambro Controls 1L Oxygen Disposable Cylinder and 400g MAP-Pro Cylinder.	
Continuous Flame Lock	No	
Flame temperature Air	up to ~3000°C	
Net Weight	70.5oz (2kg)	
Indicative Application Range for Precision Torch		
Oxygen Pressure	29 PSI	
Fuel Gas Pressure	4.5 - 7.2 PSI	
Welding Range	Tip #1	0.0591 - 0.0787
	Tip #2	0.0787 - 0.0984 inch
	Tip #3	0.0984 - 0.118 inch
	Tip #4	0.118 - 0.1376 inch
Note: This kit only comes with Tip #1 and Tip #4
